Providing goods, services or facilities to people with disabilities

Wilderness Discovery is committed to meeting its current and ongoing obligations under the Ontario Human Rights Code respecting non-discrimination. Wilderness Discovery understands that obligations under the Accessibility for Ontarians with Disabilities Act, 2005 (AODA) and its accessibility standards do not substitute or limit its obligations under the Ontario Human Rights Code or obligations to people with disabilities under any other law. Wilderness Discovery is committed to complying with both the Ontario Human Rights Code and the AODA. Wilderness Discovery is committed to excellence in serving all customers including people with disabilities. Our accessible customer service policies are consistent with the principles of independence, dignity, integration and equality of opportunity for people with disabilities.

Assistive devices

People with disabilities may use their personal assistive devices when accessing our goods, services or facilities. In cases where the assistive device presents a significant and unavoidable health or safety concern or may not be permitted for other reasons, other measures will be used to ensure the person with a disability can access our goods, services or facilities. We will ensure that our staff are trained and familiar with various assistive devices we have on site or that we provide that may be used by customers with disabilities while accessing our goods, services or facilities.

Communication

We will communicate with people with disabilities in ways that take into account their disability. We will work with the person with a disability to determine what method of communication works for them.

Service animals

We welcome people with disabilities and their service animals. Service animals are allowed on the parts of our premises that are open to the public. When we cannot easily identify that an animal is a service animal, our staff may ask a person to provide documentation (template, letter or form) from a regulated health professional that confirms the person needs the service animal for reasons relating to their disability.

A service animal can be easily identified through visual indicators, such as when it wears a harness or a vest, or when it helps the person perform certain tasks.

A regulated health professional is defined as a member of one of the following Colleges:

- College of Audiologists and Speech-Language Pathologists of Ontario
- College of Chiropractors of Ontario
- College of Nurses of Ontario
- College of Occupational Therapists of Ontario
- College of Optometrists of Ontario
- College of Physicians and Surgeons of Ontario
- College of Physiotherapists of Ontario

If service animals are prohibited by another law, we will do the following to ensure people with disabilities can access our goods, services or facilities:

- Explain why the animal is excluded.
- Discuss with the customer another way of providing goods, services or facilities.

A person with a disability who is accompanied by a support person will be allowed to have that person accompany them on our premises.

- Fee/fare will not be charged for support persons.

We will notify customers of this by posting a notice in the following location(s): Main Lodge, Cabin 1-7.

In certain cases, Wilderness Discovery might require a person with a disability to be accompanied by a support person for the health or safety reasons of:

- The person with a disability.

- Consult with the person with a disability to understand their needs.
- Consider health or safety reasons based on the available evidence.
